

GRI Mining and metals sector disclosure

	Description	Section
MM1	Amount of land (owned or leased and managed in, for production activities or extractive use) disturbed or rehabilitated	See Biodiversity management in online report
MM2	The number and percentage of total sites identified as requiring biodiversity management plans according to stated criteria and the number (percentage) of those sites with plans in place	See Biodiversity management in online report
MM3	Total amount of overburden, rock, tailings and sludge's presenting potential hazards	See Effluent and Waste management under Natural Capital in our online integrated report
MM4	Number of strikes and lock-outs exceeding one week's duration, by country	See page 93 of the print version of our integrated report (human resources section of our online integrated report) – No industrial action in our operations for the past three years
MM5	Total number of operations taking place in or adjacent to indigenous peoples' territories and number and percentage of operations or sites where there are formal agreements with indigenous peoples' communities	Our operations take place on land belonging to the Royal Bafokeng Nation, which through Royal Bafokeng Holdings is a major shareholder in our business
MM6	Number and description of significant disputes relating to land use, customary rights or local communities and indigenous peoples	Currently, no land use disputes
MM7	The extent to which grievance mechanisms were used to resolve disputes relating to land use, customary rights of local communities and indigenous peoples and the outcomes	No grievance mechanisms used as no disputes
MM8	Number and percentage of company operating sites with artisanal and small-scale mining (ASM) taking place on, or adjacent to, the site; describe the associated risks and the actions taken to manage and mitigate these risks	No operations where artisanal and/or small-scale mining is taking place
MM9	Sites where resettlements took place, the number of households resettled in each and how their livelihoods were affected in the process	No resettlements
MM10	Number and percentage of operations with closure plans	Closure liability assessments are conducted annually for both BRPM and Styldrift I and financial provisioning is made for the environmental rehabilitation. The final closure plans will be prepared prior to closure of the mine.
